Lusaka, Zambia

BOARD OF PARTNERS – EXECUTIVE CV PROFILES

BRIAN COLQUHOUN, HUGH O'DONNELL & PARTNERS (BCHOD)
Consulting Engineers | Civil | Structural | Water | Highways
Lusaka, Zambia

George Sitali

Managing Partner | Civil & Highway Engineer | 20+ Years
Experience

Professional Summary

Experienced civil engineer with extensive expertise in highway engineering, airport rehabilitation, pavement design, and multidisciplinary infrastructure projects. Has led major national transport infrastructure programmes and managed large engineering teams under FIDIC and RDA frameworks.

Key Areas of Expertise

- Highway Design & Rehabilitation
- Airport Runway & Taxiway Engineering
- Pavement Evaluation & Strengthening
- Bridge & Drainage Infrastructure
- Project Management (FIDIC & RDA)

Selected Project Highlights

- Rehabilitation & Upgrading of T003 Dual Carriageway (Kitwe–Chingola, 45km)
- Major Airport Runway Rehabilitation Projects
- National Highway Network Upgrading Projects

Consulting Engineers | Civil | Structural | Water | Highways
Lusaka, Zambia

Moses Nkhata

Partner | Civil & Water Engineer | 20+ Years Experience

Professional Summary

Civil engineer specializing in water supply, drainage systems, and urban infrastructure. Experienced in feasibility studies, design, tender documentation, and supervision of large-scale water and sanitation projects including donor-funded programmes.

Key Areas of Expertise

- Water Supply Systems Design
- Urban Drainage Infrastructure
- Feasibility & Detailed Engineering Studies
- Construction Supervision
- Donor-Funded Project Management

Selected Project Highlights

- Urban Water Supply Infrastructure Projects
- Drainage System Design & Implementation
- Joint Venture Water & Sanitation Assignments

Consulting Engineers | Civil | Structural | Water | Highways
Lusaka, Zambia

Tresphor Musonda

Associate Partner | Highway Engineer | 20+ Years
Experience

Professional Summary

Highway engineer with regional experience in road rehabilitation, geometric design, and pavement engineering. Contributor to Zambia's road design manuals and involved in World Bank-supported infrastructure programmes.

Key Areas of Expertise

- Road Geometric Design
- Pavement Engineering
- Highway Rehabilitation
- Labour-Based Road Programmes
- Technical Manual Development

Selected Project Highlights

- National Road Rehabilitation Projects
- Geometric Design & Road Safety Manual Contributions
- World Bank-Supported Road Infrastructure Projects
